

STEREOF FOUNDATION

STEREOF FOUNDATION are frontman Andreas Nather and producer Andreas Bitesnich: A life-long friendship morphed into a musical partnership.

“These songs have evolved from ideas we’ve been carrying with us for a long time, which could explain that warm feeling of familiarity you get when listening to them.”

The sound of STEREOF FOUNDATION is an enthralling stylistic kaleidoscope of musical elements, reflecting the band’s various rock and glam rock influences. Compelling synthesizer hooks meet heavy guitar riffs and the intoxicating timbre of Andreas Nather’s expressive vocals, rich in stories of people and places, love and loss.

At the beating heart of the STEREOF FOUNDATION post-glam sound lie Andreas Bitesnich’s deceptively complex arrangements, reflecting his idiosyncratic wealth of influences with their constant ability to surprise.

As a duo, STEREOF FOUNDATION were aided and enriched in the creative process by some amazingly talented musicians, including the legendary British drummer Ralph Salmins and Austrian bassist Peter Gruber.

Finally each A-side track was given a masterful polish by the grammy-winning sound guru Georg O. Luksch.

Rock 'N' Roll Dream is the first single to be released from their self-titled debut album STEREOF FOUNDATION.

Release date 16 June 2023.

LYRICS:

Rock 'n' Roll Dream

The time is here, the lowest tide
The sea has nothing left to hide
Waves, like silver and pearls shining on the shore

A shooting star is passing by
The universe sends me to try
A rhythm beating on my guitar

Oh, have you ever been in a Rock 'n' Roll Dream
Oh, yeah
Oh, have you ever been in a Rock 'n' Roll Dream

When crashin' waves have broken my heart
My rocking ship could fall apart
When I'm drowning I find what I've been looking for

Every day I lose your love
Finding out what I've been dreamin' of
What I lost, I will find again

Oh, have you ever been in a Rock 'n' Roll Dream
Oh, yeah
Oh, have you ever been in a Rock 'n' Roll Dream

Interlude

Praying
Loving
Hoping
Forgiving ... Me

Oh, have you ever been in a Rock 'n' Roll Dream
Oh, yeah
Oh, have you ever been in a Rock 'n' Roll Dream

Oh, have you ever been in a Rock 'n' Roll Dream
Oh, yeah
Oh, have you ever been in a Rock 'n' Roll Dream

Oh, have you ever been in a Rock 'n' Roll Dream
Oh, yeah
Oh, have you ever been in a Rock 'n' Roll Dream

Oh, yeah

Baby, Baby

Oh, yeah

Oh, have you ever been in a Rock 'n' Roll Dream
Oh, yeah
Oh, have you ever been in a Rock 'n' Roll Dream
